

ALPHA'S REPORTING SYSTEM (DIAGNOSTICS)

Go to www.alphadx.com; and click on results.

This will open the new screen to access results.

Enter your assigned Login and Password....these are supplied to you by Alpha.

DO NOT allow others to use your assigned login and password!!!

Once you enter your information, click on the LOGIN button to get into the site.

Facilities can only see reports from residents in their location.

When you are logged in, you will see this screen. There are seven tabs on the light gray tool bar....

VIEW REPORTS: This is where to click to view patient's reports;
LOG OUT: Click this button to log out of the system.

As you can see, the facility can only view reports. If they were to ask you about the “Place Order” button, inform them that this button is not active and should not be used.

Enter a patient’s last and make sure the approved, sent to facility and viewed boxes are all checked BEFORE clicking on view.

Once view is clicked, the report will show on screen. You can print to your printer by clicking on print report.
